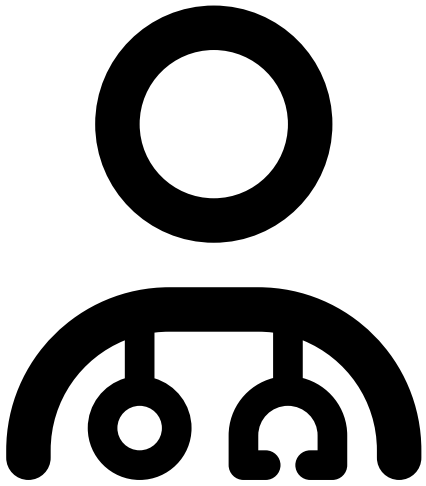
Paramount Elite HMO and HMO-POS Plans



This directory is current as of January 01, 2026.

This directory provides a list of Paramount Elite HMO and HMO-POS's current network providers for Ohio and Michigan.

To access our online provider directory, you can visit **MyParamount.org/Provider-Search**. For any questions about the information contained in this directory, please call Paramount Elite Member Services at **1-833-554-2335**, 8 a.m. to 8 p.m. seven days a week from Oct. 1 through March 31 (except Thanksgiving and Christmas), and 8 a.m. to 8 p.m. Monday through Friday from April 1 through Sept. 30 (except holidays). TTY users should call 711.

Some network providers may have been added or removed from our network after this directory was printed. We do not guarantee each provider is still accepting new members. Before making an appointment, please contact your provider and verify the provider participates in our network and, if applicable, is accepting new members.

Introduction

This directory provides a list of Paramount Elite HMO and HMO-POS's network providers. To get detailed information about your healthcare coverage, please see your Evidence of Coverage (EOC).

You can find a list of pharmacies that offer Part B and Part D drugs in our pharmacy directory. Check with your pharmacy to see if it offers the services you need to fill a prescription.

You can find a list of vision providers in our vision directory, a list of dental providers in our dental directory and a list of hearing providers in our hearing directory. To use your hearing aid benefit, please call TruHearing at **1-833-723-2158** to schedule an appointment. TTY users should call 711.

The vision, dental and hearing benefits are not available for all Paramount Elite Group plans. For more detailed information regarding your plan benefits, please refer to your Evidence of Coverage.

Use this directory to stay in the Paramount Elite HMO / HMO-POS provider network. Be sure to check the directory to see if your current healthcare providers are in our network or to find other excellent doctors, hospitals or providers.

You will have to choose one of our network providers listed in this directory to be your **P**rimary **C**are **P**rovider (PCP). Generally, you must get your healthcare services from your PCP. Your PCP can coordinate the covered services you get as a member of our plan. With a PCP, you'll have a provider who knows your medical history and can coordinate your care. Having a PCP means you'll have a medical expert partnering with you to help you make important health decisions. For more information regarding your PCP, please see your Evidence of Coverage, Chapter 3 Section 2.1.

The network providers listed in this directory have agreed to provide you with your healthcare services. You may go to any of our network providers listed in this directory. Paramount Elite does not require

referrals for network doctors, specialists and hospitals; however, some services may require prior authorization. In some cases, you may get covered services from non-network providers. Other providers are available in our network. Visit **MyParamount.org/Provider-Search** or call our toll-free number at **1-833-554-2335** for more information. TTY users should call 711.

The provider network may change at any time. You will receive notice when necessary.

Out-of-network Providers

You must use in-network providers except in emergency or urgent care situations or for out-of-area renal dialysis. If you obtain routine care from out-of-network providers, neither Medicare nor your plan will be responsible for the costs. You will have to pay the entire cost of medical services. Out-of-network providers are under no obligation to treat Paramount Elite HMO / HMO-POS enrollees, except in emergencies. When outside of the Paramount Elite service area you may obtain emergency services from the closest available provider and urgent care services from any qualified provider. Paramount Elite will talk with the providers who are giving you emergency care to help manage and follow up on your care. This includes any required post-stabilization care.

For a decision about whether we will cover an out-of-network service, we encourage you or your provider to ask us for a pre-service organization determination before you receive the service. Please call our Member Services department at **1-833-554-2335**, 8 a.m. to 8 p.m. seven days a week from Oct. 1 through March 31 (except Thanksgiving and Christmas), and 8 a.m. to 8 p.m. Monday through Friday from April 1 through Sept. 30 (except holidays). TTY users should call 711. You may also refer to your Evidence of Coverage (EOC) for more information.

How Do I Submit a Claim?

Most providers will submit a claim for you. However, if the provider does not submit the claim and bills you directly, do **not** pay the bill. Instead, submit the claim to us. See Chapter 7 of your Evidence of Coverage (EOC) for instructions on how to submit a claim to Paramount and how much time you have to submit a claim. You **should not** pay the provider's bill until you have submitted the claim to us.

Obtaining Care After Normal Office Hours

When you are ill, injured or feeling like you need care, always call your PCP first. Your PCP can assess your symptoms and direct you to the right place to get care. If your PCP's office is closed and you need prompt medical attention, go to a network urgent care facility or other convenience clinic. You can find an urgent care facility in our network by visiting **MyParamount.org/Provider-Search**.

Symptoms that may require an urgent care or convenience clinic include:

- Signs of the flu

- Signs of a sprain
- Signs of a sinus, ear or bladder infection

When outside of the Paramount Elite service area, or when network providers are unavailable, you may obtain urgent care services from any qualified provider.

What Is an Emergency?

In an emergency, symptoms are severe and serious enough that a person who has no medical training could reasonably expect that, without immediate medical attention, the result would be any of the following:

- Placing the health of the individual in serious jeopardy
- Serious impairment to bodily functions
- Serious dysfunction of any body part or organ

Examples of emergencies are shock, chest pain, choking, poisoning, unconsciousness, severe pain, uncontrolled bleeding, hallucinations, delusions and attempted harm to oneself or others.

Getting Emergency Care

During a medical emergency, go to the nearest emergency room or, if necessary, call 911. Contact your PCP within 24 hours of the emergency to arrange follow-up care with a network provider, if necessary. You do not need to contact us for prior approval for emergency care.
