

2025 Promedica Employee Health Plan HSA Preventive Drug List

Prescription Drugs: You Make the Choices, We Make it Easy

Preventive Prescription Drugs: A Good Choice

Prescription drugs that can help keep you from developing a health condition are called preventive prescription drugs. They can help you maintain your quality of life and avoid expensive treatment, helping to reduce your overall healthcare costs. This benefit generally applies to high deductible plans. Refer to your plan summary of benefits to see if you qualify for this benefit. If your doctor prescribes a preventive prescription drug, it will not be subject to your deductible. Medications on this list may still require a copay.

The following is a list of most commonly prescribed preventive drugs. Generic drugs are listed in lower case letters. Brand-name drugs are listed in CAPITAL letters. If a generic product becomes available, the corresponding brand-name product listed will be excluded from this benefit.

NOTE: There may be additional medications covered at no cost to you. See the ACA mandated preventive list for details. This list does not indicate coverage for everyone. You or your doctor may be asked to prove that the drug you are taking is being used for prevention of the indicated disease. This list does not include all conditions that may be prevented with preventive prescription drugs or all preventive drugs available. Your plan sponsor believes that these drugs satisfy the requirements for preventive care as outlined by the U.S. Treasury Department and IRS NOTICE 2019-45, but cannot guarantee that all of these drugs satisfy the definition of preventive care for every condition.

Bone disease

alendronate
calcitonin
ibandronate
raloxifene
risedronate

Cardiovascular – High Blood Pressure

Ace-Inhibitors

benazepril hcl
benazepril hcl-hctz
captopril
captopril-hctz
enalapril
enalapril-hctz
fosinopril
fosinopril-hctz
lisinopril
lisinopril-hctz
moexipril hcl
moexipril-hctz
perindopril
ramipril
trandolapril
trandolapril-verapamil

Beta-blockers

acebutolol hcl
atenolol
atenolol-chlorhalidone
betaxolol hcl
bisoprolol fumarate
bisoprolol-hctz
carvedilol
labetalol hcl
metoprolol succinate
metoprolol tartrate
metoprolol-hctz
nadolol
nadolol/
bendroflumethiazide
pindolol
propranolol hcl
propranolol hcl w/hctz

Cardiovascular – High Cholesterol

atorvastatin
lovastatin
pravastatin sodium
rosuvastatin
simvastatin

Respiratory - Asthma

fluticasone
diskus/HFA
fluticasone/salmeterol
wixela

2025 Paramount CDH Value Added Preventive Drug List

Alphabetical List:

acebutolol hcl	labetalol hcl
alendronate	lisinopril
atenolol	lisinopril-hctz
atenolol-chlorhalidone	lovastatin
atorvastatin	metoprolol succinate
benazepril hcl	metoprolol tartrate
benazepril hcl-hctz	metoprolol-hctz
betaxolol hcl	moexipril hcl
bisoprolol fumarate	moexipril-hctz
bisoprolol-hctz	nadolol
calcitonin	nadolol/ bendroflumethiazide
captopril	perindopril
captopril-hctz	pindolol
carvedilol	pravastatin sodium
enalapril	propranolol hcl
enalapril-hctz	propranolol hcl w/hctz
fluticasone diskus/HFA	raloxifene
fluticasone/salmeterol	ramipril
fosinopril	risedronate
fosinopril-hctz	rosuvastatin
ibandronate	simvastatin
	trandolapril
	trandolapril-verapamil
	wixela
